Reference: International Patent Application ~~PCT/GB/00713~~  
Under The name of: The Doyle Family Trust

With regard to my recent conversation with your office, I request that the above patent application be taken to the US National Phase. I understand that the cost of moving the above patent to the National Phase is \$ 930 US Dollars. I have therefore enclosed this sum payable to; The Commissioner For Patents and Trade Marks. The patent number and the name under which the patent is registered has been written on the back of the cheque.

I have enclosed the following forms: PTO-1390 pages 1 & 2, PTO/SB/01

I would be most grateful if you could, in the first instance, send me by fax to the UK fax number, a copy of the patent receipt once you have received the National Phase payment.

Thank you for your kind assistance.

Yours faithfully

Kelvin Doyle BSc. (Hons)
